

CURRICULUM VITAE

Name: Charukeshwaran Suresh

Contact Number: +91 9445401756

Mail Id: charukeshwarans11@gmail.com

LinkedIn: www.linkedin.com/in/charukeshwaran-suresh-691323334/

Github: <https://github.com/CHARUKESHWARAN-S>

Address: Tiruvallur, Tamil Nadu, India (Home)

Sex: Male | **Date of birth:** 11-03-2005 | **Nationality:** Indian

Career Objective

Motivated Artificial Intelligence and Data Science undergraduate with a strong interest in Data Science, Machine Learning, Data Analytics, and Artificial Intelligence. Passionate about developing intelligent solutions through Python, SQL, Machine Learning, and data visualization tools. Seeking to pursue a Master's in Data Science in Germany to enhance my technical expertise, research skills, and practical knowledge while contributing to innovative, data-driven solutions for real-world challenges.

Work Experience

Feb 2024 to Mar 2024 Python with AI and Data Science Intern - National Small Industries Corporation Ltd., Chennai, Tamil Nadu, India

Key responsibilities:

- Gained practical knowledge of data preprocessing, visualization, and machine learning fundamentals.
- Worked on AI-based programming exercises and data analysis tasks using Python.
- Developed analytical and problem-solving skills through practical assignments and case studies.

Education

Nov 2022 to May 2026 B. Tech in Artificial Intelligence and Data Science, from Vel Tech High Tech Dr. Rangarajan Dr. Sakunthala Engineering College (Autonomous) - Avadi, Tamil Nadu, India, with 7.97 CGPA (till date).

Jun 2020 to May 2022 12th grade with a specialization in Mathematics, Computer Science from Shree Niketan Matric Higher Secondary School, Tiruvallur, Tamil Nadu, with 84.17%.

Jun 2019 to Mar 2020 10th grade from Shree Niketan Matric Higher Secondary School, Tiruvallur, Tamil Nadu, with 81.00%

Academic Projects

Touchless Gesture Recognition System for Media and Monitor Control | Python, OpenCV, MediaPipe, Flask, Electron

- Developed a touchless gesture recognition system using computer vision.
- Implemented cursor, media, volume and brightness control using hand gestures.
- Integrated voice commands to switch operating modes.

Real-Time Facial Recognition and Alerts Using AI and Camera Module | Python, OpenCV, Face Recognition, Deep Learning

- Completed intensive training in Python with Artificial Intelligence and Data Science.
- Gained practical experience in Python programming, data preprocessing, and data analysis.
- Worked on machine learning fundamentals and AI-based problem-solving techniques.
- Applied programming concepts through practical assignments and laboratory sessions.
- Improved analytical thinking and software development skills through real-world exercises.

Certifications

- Preparing data for analysis with Microsoft excel | Microsoft
- Machine Learning with Python | IBM
- Python with AI and Data Science Internship | National Small Industries Corporation (NSIC)

Technical Skills

- Programming: Python, SQL, HTML, CSS,
- Data Analysis: Pandas, NumPy, Excel
- Data Visualization: Power BI, Tableau, Matplotlib, Seaborn
- Database: MySQL
- Computer Vision: OpenCV, MediaPipe, Face Recognition
- Machine Learning: Scikit-learn, Deep Learning, TensorFlow, Convolutional Neural Networks (CNN)
- Data Concepts: Data Cleaning, EDA, ETL, Data Wrangling, Statistical Analysis, Dashboard Development
- Core Competencies: Artificial Intelligence, Machine Learning, Computer Vision, Face Recognition, Dynamic Gesture Estimation, Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning and Data Wrangling, Data Visualization, SQL Querying and Data Extraction, Python Programming, Deep Learning Fundamentals, OpenCV Application Development, REST API Development, Intelligent System Design, Problem Solving, Critical Thinking, Analytical Thinking, Software Development, AI-Based Application Development, Data-Driven Decision Making.
